Dear Resident:

The United States Environmental Protection Agency (EPA) is in the process of performing an investigation of potential asbestos contamination in this area. EPA representatives stopped by your house today in order to request permission to collect samples in your home tomorrow, Friday, August 24, 1990. Since you were not at home, we request that you contact either:

Sharon Jaffess (212) 264-2598; or

Nick Magriples (201) 321-6930-4200

If Sharon or Nick are not available when you call, you will be able to leave a message.

If EPA is unable to sample your home on Friday, we would appreciate it if you can call Sharon or Nick to schedule an appointment at your convenience. Sharon will be in her office from 7:30 a.m. to 6:00 p.m. on Friday, August 24, 1990.

You may also call Sharon's number over the weekend in order to leave a message for Sharon through EPA's electronic message center. Sharon will get back to you by Monday, August 27, 1990.

Your cooperation in this matter is appreciated.

Sincerely yours,

*Nathleen C. Callahan*
